Subject: FW: EES trading dates

Hi Josh/Yong,

I spoke to Citi and it seems that you can run the P/L statement for EES and see their settlement amounts. What you need to do is run the Net positions report for each of the days and you should see it. Let me know if you need any help.

EES is moving to PoP in the next week or so this process will be much easier in the very near future.

Thanks

Trish
